REACHING THE EAST.

The Amalgamated Association Organizing Unions There Rapidly.

A HELP TO BOTH SIDES.

Disadvantages to Manufacturers and Emplayes Will be Removed-Weihe Wanted Again for President-A Conference on Tin Plate-The Banquet to John Jarrett-Other Industrial Items.

The Amalgamated Association of Iron and Steel Workers are making great strides in Eastern Pennsylvania in the way of organization, and it is probable that at the next convention they will be strong enough to present a scale to the eastern manufacmrers. If they do not sign it the Amalamated men will be in a position to enforce their demands. At the convention yesterday John Gallagher, who was appointed a special organizer at the last convention for the eastern part of the State, reported that he had organized since December 1 22 new lodges in different towns, and the membership as increasing at each meeting.

Good for Employer and Workman. This is good news not only to the members of the association, but to the iron manufacturers here as well. The latter have been placed at a disadvantage when competing with their east-ern neighbors, on account of the latter securing their labor cheaper than the Pittsburgers their labor cheaper than the Pittsburgers could. In some mills in the East, where the Amalgamated Association has no representation, manufacturers only pay \$3.50 per ten for puddling, while the Pittsburg manufacturers had to pay \$5.50 for the same work. On account of this great difference in the price of labor, the Pittsburg manufacturers sent many requests to the Amalgamated Association to organize the Eastern mills.

At the convention yesterday a communication was received from St. David's Benevolent Welsh Society extending an invitation to the delegates to attend the reception to be tendered

Weish Society extending an invitation to the delegates to attend the reception to be tendered John Jarrett Saturday evening at Lafayette Hall. The object of the gathering will be to hid farewell to Mr. Jarrett before his departure for Birmingham. England. The majority of the delegates will attend the reception on account of Mr. Jarrett being one of the ex-Presidents of the Association.

A Request to President Welle resolution was read from Harmony Lodge No. 18 requesting President Welhe to consent to be a candidate for re-election. A committee of II members was appointed to wait upon the dent and ascertain if he would comply

President and ascertain if he would comply with the request.

In the afternoon a communication was received from the United States Tin Plate Company, asking that a committee be appointed to confer with that firm relative to the sheet and tin plate business. This is in regard to the wage scale effecting these departments. Mr. Cronemyer, the president of the company, was requested to appear before the Reclassification Committee, which was appointed last week.

The report of the Committee on Johnstown Sufferers was read. It showed that \$2.10° worth of supplies had been distributed among the sufferers. They sent the first carload of goods into Woodvale, where the most suffering existed among the poople, A fact to be commended is the action of the Amalgamated Association in this matter. Heretofore the name of Johnstown and its associations with the Cambria Iron Works and the Gautier steel department was held in abhorrence and spoken of in obnoxious contempt by the members of the association. This was due to the fact that the proprietors of the mills would not allow any union to organize their men and paid lower wages than other mill Accompanying the report was a letter from the survivors of Woodvale, thanking the asso-

RAISING A HOWL.

Pitteburg and Western Road Will Not Allow Care to Go Off Their Line. There is trouble between the Baltimore and Ohie and Pittsburg and Western Railgoads burg and Western cars were to go off the line

This affects the shippers of coal along the altimore and Ohio who have been sending helr output to the lakes via the Pittsburg and estern. As the latter got the most han of the cars, it would naturally be supposed that they would furnish the cars to the Baltimore and Ohio coal operators. General Manager McDomald issued an order to the effect that no littsburg and Western cars be sent on any ther road, and this would necessitate a transfer of freight at junction points. The reason given for the order is, that husiness is so heavy on the Pittsburg and Western that no cars can be allowed to go out of the local trade.

THE DELEGATES ELECTED.

Green Bottle Glass Blowers Who Will Attend the Next Convention.

L. A. 6111, of D. A. 148, green bottle blowers, have elected the following delegates to the an-Atlantic City July 10: D. A.Hayes, George Kern, T. Havey, William F. Sinclair, P. Havey, J. Hirsch, Louis Sahner and J. M. Miller.

The annual convention of D. A. 149, which embraces all the Knights of Labor green bottle embraces all the Knights of Labor green bottle blowers in the East, will be held at the same time and place. The most important business to come before both bodies will be the ques-tion of amalgamating the two districts. Efforts to have all the green bottle men all over the country in one district have been going on for some time. Those who are agutating the meas-ure say it would make a more thorough organ-ization and preserve a unanimity of action upon all matters affecting the trade.

TO ARRANGE THE DETAILS.

The Rennies Committee of the Glass Blowers to Meet Sunday.

Reunion Committee of the American Flint Glass Workers' Association will meet at Odd Fellows' Hall, on the Southside, next Sunday, to arrange the details of the picnic and reon to be held at Rock Point Saturday, Jur 29. Among the long list of sports to be pro-vided are a baseball game between the mem-bers of Local Unions Nos. 51 and 82, of this city, a tug of war between members of L. U. 51, fat men's races, potato races, etc. In the former race President Smith will be entered. He is now training for the event.

Two Miners Sued. Rodger Hartley, the owner of a Banksville coal mine, has sued two of his miners, W. J. Nelson and John T. Purcell, alleging that they have refused to place posts to support the mine ceiling, and have thus rendered it unsafe. Al-derman Rodgers will decide the case to-day.

This is Commendable. The wholesale merchants of this city are irritated by their failure to get into Johnstown and resume business with the merchants there. They propose to assist the mountainers to get in shape again and will give them ample time to square up old accounts and encourage the contracting of new ones. The wholesalers have addressed a communication to Adjutant General Hastings asking for permits to pass into the town. It is signed largely.

Will Vote Against It. Because prohibition was introduced into

Pennsylvania as a fraud, it has been nursed here as a fraud. It is wrapped in the livery of heaven, but it comes to serve the devil. It comes to regulate by law our appetites and our daily lives. It comes to tear down liberty and build up fanaticism, bypocrisy and intoler-

ciation for their assistance at that place and at It comes to confiscate by a legislative decree the property of many of our fellow-citizens. It comes to send spies, detectives and informers into our homes; to have us ar rested and carried before courts and con-demned to fines and imprisonments. It comes to dissipate the sunlight of happiness, peace and prosperity in which we are now living, and to fill our land with alienations, estrangements and bitterness. It comes to bring us evil, only evil, and that continually. Let us rise up in our might like one man, overwhelm it with such a demonstration of popular indignation that we will never hear of it again in Pennsylvania as long as grass

Beware of Over-Confidence.

Beware of Over-Confidence.

The opponents of the prohibitory amendment should indulge in no illusions in regard to the character of this campaign.

Undue confidence is sometimes as fatal to a cause as indifference and apathy. It is a great mistake to suppose, because of the absence of noise and excitement in the contest, that the Prohibitionists are not busily at work. They are making a canvass from door to door. There is scarcely a house in the Commonwealth that has not received a liberal supply of prohibitionist documents. It is true that most of this campaign literature is sadly defective in argument; that it appeals to the emotions rather than to the sober judgment of voters; that it grossly sober judgment of voters; that it grossly misrepresents the situation in Maine, Iowa aud Kansas, and that its conclusions from statistics of crime and vice are utterly ab-surd—but it will not do to underrate this method of controversy. Adroit appeals to sentiment and imposing arrays of doctored social statistics have often proved more effective in winning votes than the soundest arguments addressed to the reason.

A strong reliance of the advocates of pro-

hibition is in a light vote on June 18. stead of permitting the question to be decided at the general election by a full vote of the people, they easily persuaded the Legislature to fix a special election day in the season of the year when the farmer will be busy with hay-making. While they ex-pect to bring the last supporter of prohibi-tion to the polls by appeals to the spirit of fanaticism, they anticipate a small vote of its opponents in the agricultural portions of the State. This expectation is cherished especially in regard to the steady and sober farmers of Lancaster, Berks, Northampton, Lebanon and other counties in which the "Pennsylvania Dutch" element predomi-

Forewarned is forearmed. If the oppo nents of prohibition shall come out in their strength on the 18th of June this question will be so completely settled that it will not be agitated again in Pennsylvania within the present generation. In order to save a half day in hay harvest the farmers of the State should not neglect the duty of voting against a measure that is as unnecessary as it would be futile. As the memorial of the members of the bar of Philadelphia has shown, the Legislature now possesses all the power to prohibit the manufacture and sale of liquor which this amendment could con-But while statutory prohibition could vey. be readily repealed when seen to be imprac-ticable and disastrous, this amendment, if adopted, would be fastened upon the people of Pennsylvania for years to come, and the Legislature would be rendered powerless to pass any law to regulate the liquor traffic

and restrain its abuses.

The Bill of Rights declares that "all men" shall have the right of pursuing their own happiness, and that "the people shall be secure in their persons, houses, papers and pos-sessions from unreasonable searches and seizures." This amendment would be in flagrant inconsistency with these guarantees. Prohibition never has been and never can be enforced without violating inherent and in

defeasible rights of the people.

The issue involved in this contest is, there fore, of such transcendant moment that no citizen of Pennsylvania who values the fundamental principles of personal liberty and who would preserve the organic law State from mutilation will be prevented by business or pleasure from recording his vote against the prohibitory amendment on the
